

R Community Bike Drive August 12th

Webster- Fairport collected 275 bikes for R Community Bike.

R Community Bike is a grassroots, 501(c)3 organization, staffed entirely by volunteers, that collects and repairs used bicycles for distribution, free of charge, to the Rochester, NY area's most needy children and adults

On August 12th, our lodge partnered with R Community Bikes to host a used bike drive to benefit members of our community who have a need to acquire affordable or no cost transportation. **R Community Bikes** refurbish bikes so that they are in safe, working order and then distributes these bikes to both children and adults.

Lecturing Knight Lisa Iddings had a goal of collecting 75 bikes. We were thrilled to crush that goal by **collecting 275 bikes!** Special thanks to **Lecturing Knight Lisa Iddings** for chairing the event, **Trustee Marc Levy, Scott Hewitt,** and **Bob Snover PER,** who assisted with the collection efforts.
