ELKS SCHOLAR SERVICE TRIPS

LEARN. SERVE. CONNECT.

We all know Elks scholars are committed to giving back. In fact, whereas 27 percent of high school seniors volunteer nationally each year, 100 percent of Elks scholars do.

In 2015, the Elks National Foundation introduced the Elks Scholar Service Trips—an initiative to help Elks scholars give back while connecting with one another and the Elks. These trips allow Elks scholars to **learn** about societal issues, **serve** in the name of the Elks, and **connect** with their Elks family.

“I have always been a big supporter of the Elks scholarship programs and donate to the Elks National Foundation to help keep these programs going. I wish every Lodge had the opportunity to host Elks scholars, and every Elk had a chance to meet and get to know them.”

—Lynn Glick, Member, Alameda, Calif., Lodge No. 1015
