COLUMBUS/GROVE CITY ELKS LODGE #37

August 2021

Published by the Columbus/Grove City Elks Lodge #37, Grove City, OH 43123

August ER Message

Greetings fellow members.

As this message is being written, I am fresh from the Grand Lodge Convention in Tampa Florida. Luckily, the hurricane did not do much damage while there. Never knew experiencing a hurricane was on my bucket list. Either way, I was able to put it on and then mark it off.

It was an honor to represent our lodge in Tampa. We were not able to visit other hospitality rooms so did not enjoy hearing from other members from other states. Did though spend time in Ohio's Hospitality room. Always nice to hear all the good things happening around our state.

As a Lodge with BPO Elks, we can now qualify for "All American Lodge." Members have stepped up and agreed to chair committees needed. However, these committees need members to assist with various activities. These committees are: Drug Awareness, Scholarships, Cerebral Palsy, Hoop Shoot, Americanism, Veterans Services, Elks National Foundation. Information on each of these are available at Elks.org or OhioElks.com. At OhioElks.com, access for members to the portal password is READY. Consider stepping up and volunteering to change our community and our country. Let me know your interest and I will get you in touch with the appropriate chairperson.

Ohio Elks State Fall Reunion will be Aug 20th-22nd. This is a time to get to know others from across the state. Each region will have a Hospitality Room where you can meet fellow Elks from their respective region. If you have not ever attended a Fall Reunion, make this year your year to attend. It is held in Dublin, our backyard. For further information please check out the bulletin board or speak to any officer.

Thanks for being an Elk.
Sharon Cooper, Exalted Ruler, 614-264-3378

What the Elks are all about...

Fast Facts of Elkdom

Our benevolent organization was founded on the principles of charity, fidelity, justice and brotherly love, on February 16, 1868.

Cerebral Palsy major charity of Elks Ohio.

How does cerebral palsy affect children?

1. Most CP is related to brain damage that happened before or during birth and it is called congenital CP. The following factors can increase the risk for congenital CP:

- Being born too early
- Being born a twin or other multiple birth
- Being conceived by in vitro fertilization or other assisted reproductive technology
- Having a mother who had an infection during pregnancy

- Having kernicterus (a type of brain damage that can happen when severe newborn jaundice goes untreated)
 - Having complications during birth
2. A small percentage of CP is caused by brain damage that happens more than 28 days after birth. This is called acquired CP. The following factors can increase the risk for acquired CP:
- Having a brain infection, such as meningitis
 - Suffering a serious head injury
3. The specific cause of CP in most children is unknown.
4. CP is typically diagnosed during the first or second year after birth. If a child's symptoms are mild, it is sometimes difficult to make a diagnosis until the child is a few years older.
5. With the appropriate services and support, children and adults with CP can stay well, active, and a part of the community.

News in brief...

Our Elks on the move

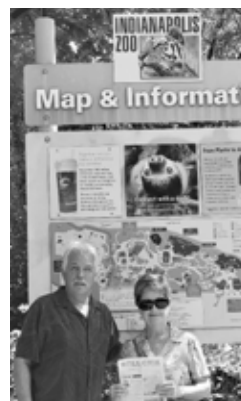

Next time you go on vacation, staycation, visit another lodge, or out on a road trip, take along your Roll Call, snap a picture of you and possibly other elks. Send picture to Lodge Secretary at ColumbusGroveCityElks@yahoo.com. You just might find it here.
