COLUMBUS/GROVE CITY ELKS LODGE #37

October 2022

Published by the Columbus/Grove City Elks Lodge #37, Grove City, OH 43123

October ER Message

October is upon us, the most beautiful month of the year. The leaves changing colors, mornings are crisp and usually the stars in the sky are brilliant. Gets us all ready for the upcoming not so nice months. Here are several exciting things happening behind the scenes. The first is our Drug Awareness Program will again be participating in Grove City's Boo off Broadway. Watch for further information on how everyone will have opportunity for candy to be dropped donated to be handed out to the children. Elroy will once again be present, Elks Drug Awareness mascot.

The Elk Statue is completed for Elk Rest at Green Lawn Cemetery. As soon as the stone platform is completed, the statue can be placed atop. Once done, there will be a ceremony dedicating our new Elk presiding over some of our Absent Members.

Our annual Kids Christmas party returns this year. The date is Sunday December 11, 2022. There will be some changes in format but many of the same. Watch for further information.

Please be reminded, I am always available if need to share ideas, thought, concerns. I can be reached by the following means.

Cell phone: 614-264-3378

What the Elks are all about

Cerebral Palsy is the Main Elks Charity of the Elks.

Specialists might suggest **brain imaging tests, such as x-ray computed tomography (CT scan) or magnetic resonance imaging (MRI)**. An electroencephalogram (EEG), genetic testing, or metabolic testing, or a combination of these, also might be done. CP generally is diagnosed during the first or second year after

birth..A doctor will diagnose a child with cerebral palsy **based on how they move and by looking at their muscle tone**. A visit to the doctor might include a check of their reflexes and a check to see if they have a hand preference. **Abnormal walking:** walking on the toes, walking on the heels, continuous bending of the knees, walking with toes pointing inwards or outward, slight limping, etc. **Difficulty with fine motor skills:** skills that require precision and dexterity such as writing.
