Exalted Ruler's Message...

Hello to all of my Lodge 318 brothers and sisters,

My name is Barry McDonald and I am your new Exalted Ruler for 2021-2022. Thanks to each of you for giving me the opportunity to serve. As we come out of the challenges from the previous year I look forward to seeing many of you at the lodge as well as on the course.

Our activities and events chairman, Devin Schlotman, is really excited about the upcoming year. As we plan things, I hope that you will come out, volunteer, and participate. We are all members of Lodge 318 and have input on what goes on in our Lodge. If you have suggestions on ways to engage more families, bring more members in, or to generally make the Lodge experience better please let me know. My cell phone number is 843-731-1108 and my email address is urspider1987@yahoo.com.

Finally, I want to thank Ron Holmes for his two years of service as our Exalted Ruler. This past year was extremely challenging and his leadership was spectacular. When you see him around the Lodge please tell him thank you for a job well done.

All the best,
Barry McDonald

GM CORNER

Starting April 5th the golf course will open at noon on Mondays. This gives the maintenance crew time to prepare the course for the week. Also the crew will be aerifying the greens Monday April 5th and Tuesday April 6th. Starting Saturday, April 10th, breakfast will be available Saturdays and Sundays beginning at 9:00am. Wednesdays are Taco Special Days. 2 tacos for \$7.95 or 3 for \$9.95. Danny does a great job with his tacos so try them out.

Spring is here and the golf course is in great shape. Come out and play a round then stop by the bar and have a cold one. The kitchen is open Wednesday through Sunday. The bar is open 7 days a week. Check the calendar for times.

We are working on restriping the parking lot. In the meantime please remember that the 5 non-handicap spaces closest to the Lodge are reserved for the manager, office, ER, Lodge Secretary, Lodge Treasurer, and Elk of the Year. Please do not park in these reserved spaces. Also, parking next to the Lodge facility, around the cart sheds, or behind the Lodge unless loading or off-loading items or performing Lodge repairs is prohibited by the Lodge House Rules.

Dave Lenihan, GM

We build beautiful driveways

Spring is here! I find this to be such an exciting time of year with all the new leaves coming out and the sunny warm weather, it just feels good to be outside! I have a few updates to share.

- We are still anxiously awaiting the arrival of our new fairway aerator, due to a delay in production. It has however made it to the USA and as of March 20th, is in customs at the port in Savannah, Georgia.
- The new stump grinder has been delivered after a small delay as well. We are now working to remove all of the stumps around the course.
- A new wash pad has been constructed for members and maintenance staff, in order to comply with city and state codes for wastewater management.
- Red guides will be painted in the fairways marking the exit point for cart traffic. **When you come up to a guide please head towards the cart path and avoid driving around the backside of the green.** Reducing cart traffic in the areas surrounding the greens provides better conditions for us all.
- We are looking into a net, to shield the maintenance shop from errant shots off #10 tee. Until we can improve the safety of the shop area please yell "fore" if you hit a shot over the cart sheds on #10.

Greens aeration will begin on Monday, April 5th.

April 5th - Front 9 Closed. Back 9 Open.

April 6th - Back 9 Closed. Front 9 Open.

Fairway aeration will start as soon as we receive our new aerator, taking approximately one week to complete. There will be intermittent hole closures during this time.

Patrick
Golf Course Superintendent

DINING

➤ The 1st Friday of every month will be PRIME RIB SPECIAL NIGHT. Plan to come out and enjoy a wonderful prime rib dinner. Also don't forget to check your email for Danny's Friday Night Dinner Specials on the other Friday nights. The dinner specials are limited and will be on a first come, first serve basis. Even for takeout. Dinner service starts at 4:30pm.

- TACO WEDNESDAYS. 2 tacos for \$7.95 or 3 tacos for \$9.95. Ground beef with your choice of flour or corn tortillas.
- BREAKFAST served Saturdays and Sundays starting April 10th. Begins at 9:00am.
- Check out the appetizer menu for that quick grab at the turn or something to compliment that beer after play.
- Consult the calendar for new dining and bar hours.

**Washington Elks Therapy Program for
Children, Inc.**
“Our Kids”

Meet Eli!!!

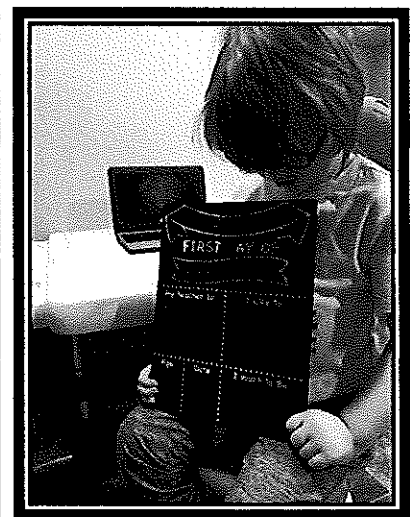

Eli is an amazing 6-year-old boy with a very rare genetic condition, TUBA1A - associated tubulinopathy, which causes changes to the brain. Many children with TUBA1A have developmental delay, tight muscles (spasticity) and/or reduced muscle tone (hypotonia) and eye problems. Feeding difficulties are also associated with this condition. But that does not stop Eli! He can walk independently and he has wheeled mobility options to accommodate longer distances and rough terrain. Eli has a wonderfully engaging personality, with his imagination and determination being second to none. When he is enjoying a therapy activity, he has the best laugh in the world.

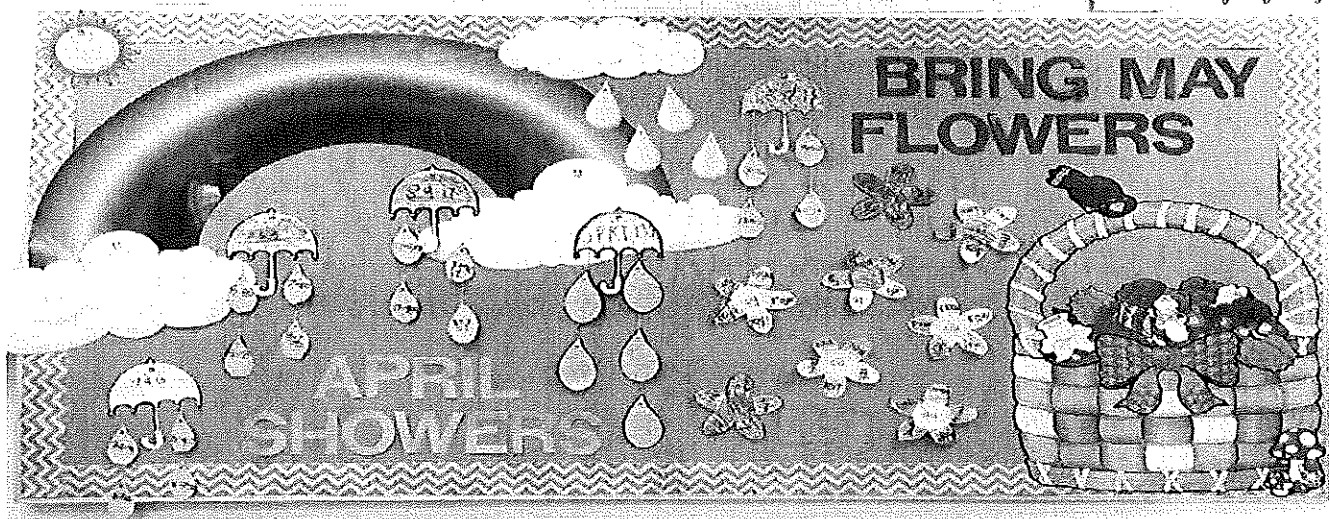

Eli lives with his parents and great-grandparents. His family has provided him with many educational games and toys, but there is a multi-year waitlist for Occupational Therapy in the community. Thankfully, Eli's parents heard of a Washington Elks therapist who was available to see Eli in his home. When the pandemic hit, his therapist and family pivoted to teletherapy. Both of Eli's parents participate in teletherapy with him. They are prepared with activities and toys that Eli enjoys sharing with the therapist. Eli's Washington Elks therapist mails activity packets to his home, so those activities and materials can also be used during teletherapy.

Eli has undergone eyelid surgery and procedures on his legs. In order to prepare him for these medical treatments and decrease anxiety, his OT has created personalized picture stories designed to help him understand what to expect.

As Eli grows, it has become more difficult to lift him safely. Eli's Washington Elks therapist teamed with a local PT and Eli's parents to select and advocate for a High Low Activity chair that allows him easier access and greater independence in getting into the chair. The chair allows Eli to be at the same height at the table as his family for greater social opportunity during mealtime. It also has an adjustable back and tray to accommodate vision and fine motor challenges, allowing him to be more successful in those activities.

Thank you, Washington Elks, for all you do to support the therapy program and children like Eli and their families.
