View This Calendar on Your Smart Device

The format of the lodge events calendar has been changed to a Google based calendar that can be viewed from your smart device. While the hard copy calendar does not contain as much detail as previously, clicking on an event from your smart device will give you all the details you need to know. Gaining access is easy! Send an email (with "Calendar" in the subject line) to ifsecretary@idahofallselks.org and include your first and last name and your active gmail address. You will then be given access.

Upcoming Events
