According to the Bureau of Land Management, the South Fork supports the largest riverside cottonwood gallery forest in the west and is among the most unique and diverse ecosystems in Idaho.

It is home to 126 bird species, including 21 raptors. The river also supports the largest native cutthroat fishery outside of Yellowstone National Park.

The corridor is home to an impressive array of other wildlife including moose, deer, elk, mountain goats, mountain lions, black bears, bobcats, coyotes, river otter, beaver, fox and mink.

Eastern Idaho Elks Lodges, in coordination with the sponsors listed on this brochure, would like to thank you for your service by taking you down the river (trust us, paddles will be included).

In addition to a relaxing day on the river, we plan on making a day of it. You will be treated to Breakfast and dinner at the Idaho Falls Lodge. Snacks will be provided on the river to hold you over between these two magnificent meals.

This trip is being taken on one of the premier fishing rivers in this great nation. We will supply licenses and gear if you want to fish, or binoculars if you just want to enjoy the serenity.

A trip like this should be shared with a loved one. We cordially invite you to bring a friend. Fill out the attached form and return it to one of the Elks Lodges listed on the back of this flyer.

River Run Schedule and Logistics

Participants must be willing to sign a liability waiver.

If you are in the Idaho Falls Area, we shall come and pick you up. If you are outside the city of Idaho Falls, participants are expected to provide transportation to the lodge. If you live more than 100 miles from Idaho Falls, we will try to assist with travel plans.

Please check the weather report and dress accordingly. Don't forget the sunscreen.

This Event is paid for by the listed sponsors and volunteers, at no cost to the participants.
