

Sebring Elks Celebrate the Super Bowl

The Sebring Elks #1529 enjoyed the 2024 Super Bowl by watching along with 123.4 million other viewers! My guess is that none of them had any better time than our Elks! Great food and great fellowship. Thanks, Paul for bringing over some lazy boys from the county fair. The new televisions bought for the Charity Bingo were put to good use with a panoramic view in the lodge room. Problem was, it was streamed into the lodge room and was live in the bar. Those of us in the room could hear cheering or booing a few seconds before we saw it, so we would say, "what's happening?" 3 seconds later we found out. What a fun night.
