Shredding is a quick and convenient way to dispose of your information in a manner that provides added security against IDENTITY THEFT – and it's great for the environment. This is a drive-up service where you can watch your documents get carted to the shredding truck for immediate destruction. All documents are shredded on site and recycled.

WHAT TO SHRED

- office paper/file folders
- no need to remove staples, paper clips, rubber bands or small binder clips

WHAT NOT TO SHRED

- cardboard, plastics or metals
- common trash
- Hazardous materials
- large clips
- CD's or DVD's
