

UPHOLDING THE ELKS PLEDGE

We're rounding up some of our most popular posts from Instagram this month to show how Elks are continuing to serve veterans!
We may be socially distanced, but our veterans are not forgotten.

Did you know more than 25% of veterans faced food insecurity in the last year? Elks can help! El Paso, Lodge No. 187 provided a meal for area veterans in need, and each veteran left with a basket full of groceries.

Despite store shortages and social distancing precautions, Elks from Allegheny, Penn., Lodge No. 339 are still finding a way to shop for newly housed veterans! For veterans moving into an empty house during the pandemic, household supplies are more essential than ever.

When their local Stand Down was canceled due to coronavirus, Wallace, Idaho, Lodge 331 knew veterans still needed supplies, now more than ever. Wearing masks, Elks distributed 80 bags containing a sleeping bag, T-shirt, boots, and toiletry kit. They also provided meal and grocery vouchers for veterans in need!

There's nothing like seeing the smile of a veteran moving into their new home, no longer homeless! Elks supply essential household items like bedding, kitchen and bathroom supplies to get veterans set up for success. #WelcomeHome

We love seeing veterans, their dogs, and Elks from Hopkins, Minn., Lodge No. 221 building friendships through the #WelcomeHome program!

Elks from Elk Grove, Calif., Lodge No. 2577 provided protective masks and snacks for VA patients and homeless veterans, as well as playing cards for patients isolated during quarantine. #ElksCare
