## Exalted Ruler's Message...

What a great turn out for the Easter brunch! We enjoyed a great buffet, had the opportunity to visit with fellow ELKS and watched the kids have fun at the Easter egg hunt.

Be sure and make your reservation for this year's Mother's Day brunch on May 12<sup>th</sup>.

Remember to join us on Saturday evening for Jack of Spades, as I'm writing this the pot is nearly \$4,000! And remember, 25% of each Saturday's ticket sales go toward an ELKS charity.

On Saturday April 13<sup>th</sup>, Lana, Chuck, Patricia and I attended the DD Clinic at the new Spokane lodge, we got a lot of great information and stayed for their officer installation with a live band afterwards.

Our own Lana Davick will be the State District Deputy for the eastern district starting in July, the next time you see her be sure and congratulate her!

We still have a few officer positions open, if you would like to make a difference in your lodge please contact me.

Any electricians out there? We would like to look at fixing the driveway lights, please contact me with your thoughts on how we can get them working again.

The course is in GREAT shape. A lot of members are taking advantage of the sunny weather with a round of golf. Need to sharpen those golf skills, see Barry in the pro shop, he will have you golfing like a pro!

Fraternally Yours

*Ron*

Ron Holmes  
Exalted Ruler

Finally it looks like things are getting back to normal around the lodge. It's good to see smiling faces versus the grumpy faces from winter doldrums. As the year moves on, your board and lodge officers are trying to provide an atmosphere that all will enjoy. A lot of you have come on down for the various events that have taken place recently and seemed to have enjoyed yourselves. There are more activities planned. We are working hard to make this a place for fun and entertainment and comraderie with fellow Elks. We are always open to new ideas. Please share with us. Also, consider maybe volunteering to help with some of these activities. Enjoy the spring. Summer heat is on its way.

House Committee

Aeration is over!! Although we had a few setbacks with some equipment and irrigation, we are confident that we will see a full recovery soon. It is now time for us to catch on all the mowing during the spring flush.

Coming up here soon a few members of the crew will be trimming trees around the property. We will do our best to remain out of the way and your patience with us will be greatly appreciated. Also this month we hope to be adding sand to some of the bunkers. Although we will not be able to do all of the bunkers at this time, we hope to fix the problems in as many as we can.

As you may have noticed, we have added more stakes and rope to certain areas of the golf course. Our hope is to keep traffic to a minimum in areas that are susceptible to drying out and dying during the summer. We appreciate all those that observe the roped areas and do their best to stay on the cart paths as much as possible. Any reduction of stress to the turf can go along way if keeping the grass alive during the hot summer months.

But the most importantly, **HAVE FUN OUT THERE!!!**

See you on the course,

Sean Lanphere

Golf Course Superintendent

# “Our Kids”

Washington Elks Therapy Program for Children, Inc.  
Our State Major Project

---

Katelyn is one tough 10 year old. She and her family have overcome incredible obstacles to get to today's smiles. Katelyn was born with a genetic condition that affects her metabolism and energy levels, as well as her brain and her ability to move. She has always been very medically fragile, susceptible to any tiny illness—2 years ago, a common cold virus sent her to the hospital for weeks. Her family has fought hard for her, keeping her healthy, and seeking to enrich her life in every way possible. Katelyn has seizures, and is very sensitive to her environment, sometimes just moving her legs or too much noise can trigger severe seizures.

There have been long periods that school is impossible due to her health, or lack of nursing care. Thus, home therapy has always been critical for her. Katelyn and her family have worked to find activities that Katelyn enjoys and that are calming to her... and that bring these huge grins. Her family is very active and want to include Katelyn in their adventures. The Elks therapist has been integral in supporting them getting adaptive outdoors equipment. Katelyn is able to participate with her family, without overstimulation, thanks to a very specialized jogging stroller for going outdoors.

Another critical role that their Elks therapist plays, is helping to train her caregivers and in-home nurses in how to play, lift, and perform daily living tasks with Katelyn. Sometimes, special adaptive equipment is needed for seating, bathing, and transferring her—all of which require a therapist's letter to obtain. Having the Elks therapist in-home, really helps, as she knows how the home is configured and what the “daily routine” is, so that training and equipment can be customized for Katelyn and her family's needs.

**Many Thanks to the Washington Elks Members and Friends  
who support this most critical program.**
