**DD AND TRAINING CLINIC** March 11 and 12, the lola Lodge #569 hosted the Leadership training seminar and DD clinic. I want to thank Todd Francis –Exalted Ruler of the lola lodge for being a great host and for showing me around their lodge. Those that attended from the El Dorado Lodge on Saturday are Roger Cutsinger, Jim Masters, Lisa Jack, John Britt, Deb Kirkpatrick and myself. On Sunday, Tom and Kathy Clark, Loren Anthony, Jim, Lisa, John and Deb attended. If I missed anyone I apologize as I was not there on the Sunday meeting. The meeting started around 9:30a.m., David Foster opened the meeting. Carl Lindsey did an ice breaker team builder exercise with everyone. We broke out in teams and we had to match the college mascot to the school. After that the secretaries broke out and Lisa Jack and myself met with the other Lodge Secretaries a block away in a different building. Frank Springer conducted the training. We actually learned quite a bit of new stuff. While we were in that training back at the lodge, Aldie Ensminger talked about Membership retention, orientation and publication. We broke for lunch back at the lodge and they served an open taco bar. Then back to training we went. At the lodge Deb Betts talked about Exalted Rulers Duties, Roger Slief talked about Trustees and their roll in the lodge. Tony Nash presented Hoop Shoot Dashboard, and Burton Pianalto presented Drug Awareness. Then we rejoined the rest of the Elks after break where they talked about KETCH, then I presented Elks National Foundation. Trish Halstead talked about grant writing and James Standen talked about lodge protocol. Roger Slief and Frank Springer talked about Grand Lodge in Minneapolis, MN and the KEA Spring Convention in May. David Foster closed the meeting. That evening we had dinner where the lola lodge served Chicken Fried Chicken or Chicken Fried Steak and desert. The entertainment that evening was a band called **Horrible Road**. Sunday, breakfast was served followed by the DD Clinic. Refreshments were served followed by lunch and this wrapped up the weekend. It was great to see everyone from the lodges. Thank you again to the lola Lodge for their hospitality.

## GAME NIGHT

EXTRA, EXTRA!!!!!!

I have some exciting news about game night. Starting Monday, April 10, Loren Anthony and Stan Willis will be hosting themed game nights. This month if you want to learn how to play Cribbage then come on down! They will have players and teachers available. Each month going forward if you want to learn or teach a certain game, then you should contact Loren. It sounds like it will be a great time. They start the games at 6:00 p.m. Loren wants to see you all come out and play. So, come learn how to play a new game and have a great time with your fellow Elks. All members and their guests are welcome to play.

*Sean Cutsinger*

## From the Desk of the Chaplain and News Writer

Hello my fellow members. April is here!!! This is a special month for me as it is my birthday month. Last month I talked about the calendar and how we got the calendar that we use today. This month I'm going to extend on that a bit and talk about April Fools Day. April Fools takes place on April 1st each year and has been celebrated for centuries, and by different cultures. Have you ever wondered where April Fools comes from, or how it all started? Well, "April Fools!", no one seems to know. It's exact origins of this holiday remain a mystery. This is a day of playing practical jokes or hoaxes on other people and at the end yell "April Fools!" just to clarify that it was an April Fools Day prank. Since April Fools exact origins is clouded in a haze, some of our historians think that it started in 1582, when France switched from the Julian calendar to the Gregorian calendar. I spoke about these calendars last month. The Julian calendar and the Hindu calendar has the new year starting with the spring equinox around April 1. Are you starting to see a trend here? That a lot of our holidays are because of the equinoxes and how a lot of our holidays are tied together? When they made this switch in the calendar, some folks were slow to get the news that the new year had been moved to January 1. These folks were still celebrating the new year on the last week of March through April 1. So, this being said, April 1st became the butt of jokes and hoaxes, hence called it an "April Fools." These people often had paper cutout fish placed on their backs and were called "poisson d'avril" (April fish), this fish represented a young, easily caught fish and a gullible person. April Fools also goes well with the Spring equinox since Mother Nature fools people with her ever changing, and very unpredictable weather. Historians have also linked April Fools Day to a Roman holiday that was celebrated at the end of March. This holiday was called Hilaria (Latin for *joyful*), young people would dress up in costumes and mock their fellow citizens or magistrates. April Fools Day spread across Great Britain in the 18th century. Scotland held a two-day celebration. The first was called "hunting the gowk," this first day people would be sent on phony errands. Gowk is a word used for cuckoo bird, which is also a symbol for fool. The second day was called "Tailie Day," this is when folks would go around pinning fake tails or "kick me" signs on people's derrieres. Through the years the media has always had a hand in April Fools pranks. This one I thought was interesting, "In 1992, the National Public Radio ran a spot with former President Richard Nixon, saying he was running for president AGAIN... only it wasn't President Nixon, but a very convincing actor. The segment was an all out April Fools Day prank that caught the country by surprise." It is amazing what we will believe from the media. So, be careful what you read or hear on April 1st, you might just get fooled! Happy Birthday to my sister, Shera!

My email is [SeanCutsinger@gmail.com](mailto:SeanCutsinger@gmail.com). God Bless & be careful to not be fooled, *Sean*
