COLUMBUS/GROVE CITY ELKS LODGE #37

September 2020

ER Message

Greetings fellow elks

I hope all of you are doing well. The Lodge is still doing reasonably well during this pandemic. Our number one priority is making sure everyone is safe as we continue to operate.

We will continue to have some entertainment and meals with your cooperation in social distancing. Some things have been cancelled due to covid concerns. There will be no Bombay, but we will have a Lodge golf outing in its place. There will be no crab races this year due to safety concerns.

I encourage you to get involved in one of our many charitable outreaches. There are grants available to our Lodge for help with veterans, food kitchens and pantries, police and fire departments, and nursing homes, to name a few. Please contact me for more information on what you can do to help or if you have ideas.

I am also looking for a volunteer to take over responsibility for the childrens Christmas party that we do every year. We will any provide support you need. Someone can show you how it has been done in the past or we can help with any new ideas you might have. We are hopeful that we can still safely have this event.

I look forward to seeing you all soon.

ENF (Elks National Foundation) Minute ENF Per-Member-Giving Goal

Elks' support makes the work of the ENF possible, and every donation helps. To encourage support, the National President announces a per-member-giving goal every year. This year, the goal is \$4.80. Lodges that reach the per-member-giving goal this year are eligible for a Gratitude Grant next year!

This year, the Board of Trustees approved a program services budget of \$36.1 million dollars—all thanks to the help of our donors. Whether you give a gift to the endowment fund to ensure the ongoing success of the Foundation or you designate your gift to a program, making an immediate difference, you'll help Elks build stronger communities. Even small donations make a big difference.

News in brief...

Upcoming Celebration

Over the past few months, you may have noticed a few teasers in the Roll Call and via email related to our Elk's 135th Birthday Celebration. As we have entered the 135th year at our Columbus/Grove City Elk's, we have kicked off 135 Acts of Kindness event. Commencing April 1, 2020, we encouraged all Elk's members, families and friends to perform Acts of Kindness throughout the next year within the community.

Acts of Kindness such as volunteering at Buddy Ball, the Grove City Food Pantry, Monterey Nursing Home, Ronald McDonald House, YWCA, or organize a donation event at our Elk's to collect food for the Food Pantry, or collect can tabs for the Ronald McDonald House. These are just a few volunteer suggestions, but there are many more. To acknowledge the Acts of Kindness, we have a form at the bar by the CP thermometer for volunteers to complete upon conclusion of an Act of Kindness. The information on the form will be transferred to an Elk Head form, and then the Elk Head form will be placed on the Kindness Wall displayed on the wall behind the band stage area of dance floor. The goal is to reach at least 135 Acts of Kindness before March 31, 2021. We realize that community activities are low at this time, but we hope to get as many Elk's involved out and around the community once the ban has been partially lifted. This actually may be the perfect time to help in our community. If you have any questions, or would like more information on other volunteer opportunities, please contact Sharon Cooper at 614.264.3378 slnursing2007@gmail.com, Karen Halley at karrun.halley3@gmail.com, Therese Gillispie @ TGillespie127@gmail.com, AJ Bair at sunnydelta1@aol.com.

What the Elks are all about...

Charity is the cornerstone of every Elk structure, the highest virtue of every Elk creed. The Benevolent and Protective Order of Elks annually distributes almost \$200 million in charitable contributions on a national scale. We are the most charitable organization in the United States today.

Cerebral Palsy major charity of Elks Ohio.

Cerebral Palsy (CP) describes a group of permanent disorders of the development of movement and posture, causing activity limitations, attributed to non-progressive disturbances that occurred in the developing fetal or infant brain.

The motor disorders of cerebral palsy are often accompanied by disturbances of sensation, perception, cognition, communication and behavior, epilepsy, and by secondary musculoskeletal problems.
