HURRICANES LAURA AND SALLY

Hurricane Laura, a powerful Category 4 storm, came ashore early August 27 near Cameron, and Lake Charles LA. Hurricane Sally, a Category 2 storm, came ashore early September 16 at Gulf Shores, AL. The storms and resulting storm surge have caused deaths and substantial property damage along Gulf Coast from the Louisiana bayous to the Florida panhandle.

It was agreed that the lodges in the West District could join forces to aid the Hurricane victims of Louisiana.

The people in Cameron Parish & Lake Charles Louisiana, suffered severe devastation. There are Elks, veterans, and people of all walks of life, that need our help. We are asking the membership to open their hearts, and consider donating an item, or more if they wish, from the enclosed list. We believe this will show Louisiana what true Elkdom represents, Charity, Justice, Brotherly Love, and Fidelity. Pittsburgh South Hills 2213 will coordinate the collection of donations. Any member that wishes to donate, can deliver the items to their lodge.

We have received confirmation from South Hills Movers, that they are donating the use of a truck, and their drivers have donated their time, to pick up and deliver the much needed items to the Shreveport Lodge 122, in Louisiana. The Shreveport lodge will handle getting the supplies to the areas in need.

If you need more information, please contact Bonnie Filyo at 412-613-1593.

Thank you in advance for any help you can give to make this project a success.
