Our Values in Action!

Innovation, Excellence & Accountability

Guy is our Personal Emergency Response System technician and to the Yates Office, he is so much more! He is always willing to step in and help out wherever help is needed. He continues to challenge himself with new opportunities to grow and learn. Guy has stepped up and filled in for our receptionist, as a sub driver and helps with clerical tasks for the HIICAP, NY Connects and Transportation programs. He has volunteered to help at the Dundee Mobile Food Pantry and has delivered food to shut ins when additional drivers were needed. Guy brings his best efforts to work every day and has a wonderful sense of humor that is enjoyed by all of the OFA staff. He truly embodies our values of innovation, excellence and accountability. Thank you for all you do for us, Guy!
