

Sebring Elks Support Army of Hope

On Saturday, January 27, 2024, the Sebring Elks #1529 was once again able to help a local veteran in need. Brenda Walton, our Veteran's Chairman, was contacted by Highlands County Veterans Association and they requested that the Florida State Elks Association's Army of Hope be contacted to help this needy veteran. The man in need qualified for the Florida Elks Army of Hope as he was a deployed honorably discharged veteran. Fred Dubowsky is married and has a disabled wife as well as a disabled son who is getting SSI assistance. The family has had this 2012 Chrysler van, which has been converted to enable his son to travel, for the past 10 years. It became undrivable and needed \$3,000+ repairs which were done by a local shop. The Sebring Elks are happy to say that the Harry-Ann Army of Hope came through again. Pictured is Fred and Brenda in front of his van.
