

Manistee Elks Lodge

Only \$1 per Ticket
Don't have to be a member to play

Winner Every Week
Don't have to be present to win

What is Queen of Hearts?

Queen of Hearts is a 60/40 progressive raffle, where 60% goes to the Queen of Hearts winner after consolation prizes and 40% going to Elks Lodge 250 and its charities, there's a winner each week. The jackpot grows until the Queen of Hearts card is selected.

How do you play?

- We start with a sealed deck of 52 playing cards plus 2 jokers (54 cards total), these are placed face down into envelopes, shuffled and then the envelopes are numbered 1 through 54 and placed in a locked display case.
- Then just buy \$1 tickets and write your **name**, **phone number**, and the **envelope number** you would like opened if your ticket is drawn, and that portion of the ticket is put in the drawing bin.
- Once a week on Wednesday at 8:00PM we randomly draw one ticket from the bin and announce the winner, we then open the envelope they choose and reveal the card inside and the prize they have won.
- If no one selects the Queen of Hearts, we toss all those tickets and start selling new tickets for next week's drawing. This is repeated weekly until someone ultimately selects the Queen of Hearts. Need not be present to win.

What do I get if I win?

- Every card has a monetary value, which is based on the size of the jackpot and the card selected. If you pick the envelope with the Queen of Hearts, you get 60% of the value of the pot after consolation prizes, and the game starts over.
- Below is the Prize Payment Schedule for all other prizes based on jackpot value and card chosen when the Queen of Hearts was not drawn.

Jackpot Value

Card	\$0.00-\$999.99	\$1,000-\$4,999.99	\$5,000-\$9,999.99	\$10,000+
