On December 13, 2024, following a very well attended PER Steak Night, Exalted Ruler Larry King presented Amy Stoll, Vice President of Philanthropy for ***Down Syndrome Innovations***, with a check of just over \$3,000.00, which were the proceeds from our Down Syndrome Breakfast Fundraising event held this past August. The proceeds came from the sale of breakfast tickets, raffle tickets, as well as individual donations from many generous visitors.

Down Syndrome Innovations provides their clients with “a lifetime of support for a life full of opportunities.”
