

Kansas City Northland Elks Have Booth At Northland Business Showcase

On Saturday March 1, 2025 the Gladstone Chamber of Commerce hosted the Northland Business Showcase in the Gladstone Community Center. The Kansas City Northland Elks Lodge #2376 had a booth, right next to the one held by the American Legion. Our booth was staffed throughout the day by Kevin Mathewson, Kim & Helen Murch, as well as Chris & Tracey Cooper.

Our purpose was to get the Elks Story out to the public. Many people stopped by and inquired as to who we were and what we did. We were able to talk about how we benefit our local neighborhoods with our programs ranging from Scholarships, to the help we give our local Seniors and Veterans. We had a couple people take

Membership Applications and one has already been submitted and gone through investigation! We also had a drawing for an Android Tablet and that was won by Debbie Coble (pictured with her granddaughter).
