

Elks National Veterans Service Commission 2026-27

APPLY FOR A FOCUS GRANT!

Currently, tens of thousands of veterans are living their day to day without a home. Each with a different story, they all shared a common pledge to support and defend this country. The Elks have partnered with the Department of Veterans Affairs to help end veteran homelessness, with a special focus on the 13 cities where the number of homeless veterans is highest.

Lodges in and around the 13 cities, listed at right, are eligible for a Focus Grant of up to \$10,000. Grants can be used to prevent veteran homelessness, help veterans exit homelessness, or assist previously homeless veterans to adjust.
